Huge potentials exist in Iran for the export of non-oil goods & services

- Iran has 80 Public universities, 25 private universities as well as a lot of Research institutes.
- Total of Iranian students in universities are 4,400,000 that 1,920,000 of them are women.
- About 14000 foreign students studying in Iran. Trade promotion organization of iran
- The 18th largest economy in the world by purchasing power parity (ppp)
- Consumption and the government plan billions of dollars' worth of further investment to increase this share.
- The diversified economy & broad industrial base with over 40 industries directly involved in the Tehran stock Exchange is the industrial base in the MENA region.
- Resource-rich economy.
- Labor-rich economy.
- Young and educated population.
- Large domestic market.
- The Middle East market is a prime market . opportunity for Iran's non-oil exports.
- An increasingly sophisticated infrastructure and human capital base providing the foundation for an emerging knowledge - based economy.

Introduction

The successful experience of the world's leading countries in the economic sphere is the result of their strong focus on the export promotion and development of foreign trade. TPOs functions including; promotion, facilitation, information, & administration, provide support for the business community. The three core functions of trade policy, trade promotion, & trade facilitation will provide support to build productive capacities, upgrade industrial and agro-technologies, & expand exports and markets. In pursuit of those objectives and in view of the leading role of TPOs in preparing new policies providing supporting facilities needed to develop a comprehensive infrastructure for the foreign trade, the Export Promotion Center of Iran (EPCI) with nearly four decades of hands-on experience in promoting the Non-Oil Export was restructured in 2004 and took up its new mandate as "Iran Trade Promotion Organization". <http://www.tpo.ir>

Goals & Objectives

- 1- Increasing the country's stake in the International Trade
